

TRL GLOBAL FOUNDATION

UNCONDITIONAL GLOBAL BASIC INCOME

We are actively formulating a list of advisors for inclusion in the TRL Alliance structure.

If your research interests align with one or more of the points of the TRL Alliance, you can write to the TRL team with a request to be included in the preliminary list of advisors to the TRL Association and Community (Humanism; Rights & Liberties; Economics), specifying the Joint Venture that you are interested in.

We will be in touch either once the development of the Token of Peace algorithms begins, or once the financing programmes for concrete areas of further research are opened. Applications do not depend on country of residence, citizenship and knowledge of foreign languages (we have a TRL Pro Bono translators community)

Form (select activity line): http://bit.ly/advisors_form (google form)
